Cape Namibia Route Cape Namib Etosha Ideal 2010/2011 18 days / 17 nights

Tour Code CANAETID01 (G=Guided)

The tour starts in Cape Town and leads via the beautiful West Coast of South-Africa into the rugged Aussenkehr Park after crossing the Gariep River via Noordoewer into Namibia. We visit the majestic Fish River Canyon and carry on to the Namib Desert and Sossusvlei with its high dunes. Lunar Landscapes and prehistoric Welwitschia Plants surround the coastal resort of Swakopmund. From here, the safari turns north towards the Erongo Mountains, exploring amazing rock formations en-route to Ai-Aiba. We will spend the last days at Naua Naua Lodge just outside Etosha. This opportunity will allow us to explore Etosha for 2 full days, before the safari ends in Namibia's bustling capital, Windhoek. The safari is conducted in Sasendle 4x4 vehicles and in small groups. Accommodation is provided at comfortable guesthouses and tourist class lodges. The approximate distance for this tour is 4800km.

Day 1: Western Cape Coast

We depart from **Cape Town** in the morning and travel along the R27 taking the scenic coastal route of the Western Cape to Lamberts Bay. In the afternoon we visit the famous Bird Island (excursion included). Bird Island provides shelter and protection for thousands of seabirds, particularly Cape gannets, various species of cormorants, and penguins. Photographers can view the birds fairly close up from a look-out-hide. During the whale season from July to November, heavy side-dolphins and southern right whales are often seen in the area (boat trips optional). During the flower season in August and September, the area sports an abundance of colourful flowers. Other optional activities like angling, quad-biking, golfing or sand boarding in the dunes are available (time-permitting)

Day 2: Namaqualand - Springbok

Spectacular scenery of rugged hills and granite domes offers itself on the drive to our destination - Naries Namakwa Retreat. This region is a photographic paradise with succulent and wild flowers in abundance during the flower season (Aug&Sep). Springbok's history is closely linked to the copper mining industry and the colorful culture of the Nama people is widely on display in this area.

Day 3: Aussenkehr Park - Namibian Border

Today we will drive through the Aussenkehr Park, which is remote and mountainous and one of the finest wilderness areas in South Africa. It is home to numerous rare mammal, reptile and plant species. Here we may get in contact with local Nama tribes who move with their live-stock with the changing of seasons in search of better pastures. We cross the Namibian border via Noordoewer, to our overnight destination at Norotshama River Lodge.

We return to Klein Aus Vista in the afternoon.

Day 7: - Namib Desert - Tiras Nature reserve

We depart northwards along the Namib Naukluft Park and the Tiras Conservancy area. The Namib Naukluft National Park is considered the largest game park in Africa with the Namib Desert the oldest desert in the world. Many creatures live in this hyper-arid region, including snakes, geckos, unusual insects, antelopes, hyenas, and jackals. Moisture comes in as fog off the Atlantic Ocean, than falls as rain, with the average 106 millimeters of rainfall per year concentrated in the months of February to April. Ostrich, Oryx or Springbok roam this diverse landscape. Magnificent scenery provides the perfect backdrop for your holiday photos.

Overnight Duwisib Castle or similar. (DBB)

Day 9: Namib Desert

Today's highlight is the high dunes at Sossusvlei, a truly spectacular sight. We enter the Namib-Naukluft Park at sunrise, while the temperature is still mild and when the dune contrasts are at their best. At Dune 45, the more energetic have the opportunity to climb to the upper ridge of the world's most photographed dune. Further along, a gradual 2.6 kilometer round-trip walk takes you to the well photographed "Dead Vlei". Sossusvlei is at the 'end of road' and the highlight of the day. We also visit the rugged Sesriem Canyon, where the Tsauchab River and erosion have incised a narrow gorge over the millennia. The permanent water pools at its bottom have ensured the survival of nomadic populations in pre-historic times as well as that of early European explorers and the so-called Thirstland Trekkers, in more recent centuries. On our way back to the Sossusvlei Desert Camp, we take a lunch break at a lodge situated next to the Sesriem Gate of the park where light lunches (optional) and cold beverages are served on a terrace overlooking the dry bed of the ephemeral Tsauchab River and the dunes beyond it. On return to our accommodation, the remainder of the day is at leisure.

Day 10: Swakopmund

Today's destination is the cool Atlantic Coast and the quaint town of Swakopmund. En route we will explore the Namib Desert with the rugged Kuiseb Canyon, while driving along the Swakop riverbed. The thatched lodge integrates perfectly with the surrounding landscapes and is situated in the north of Namibia, close to the Etosha National Park (southern entrance - Anderson Gate).
